Slowed Up, But Packers' Taylor Runs

DePERE (UPI) — Fullback Jim Taylor was running again Tuesday in the Green Bay Packers' practice, but the National Football League's leading scorer and ground gainer last year still showed some effects of the knee injury he suffered last Saturday.

Taylor, whose injury was diagnosed as a strained ligament, participated in all drills Tuesday, but wasn't going at full steam. At least he's expected to be ready to see some action against the College All-Stars Friday night at Chicago.

Green Bay's other doubtful starter for the All-Star game, linebacker Ray Nitschke, remained in a local hospital where he is in traction for a back injury suffered last Thursday.

Green Bay worked on polishing up plays for the new "man on the move" offense of Coach Vince Lombardi and then drilled briefly on defenses to use against the Stars. The workouts were held in sweat suits, but shoulder pads were worn.

Taylor and Elijah Pitts were throwing passes in offensive drills.

The entire Notre Dame coaching staff, headed by Hugh Devore, was presen. at the workout.

One more practice session is on tap before the All-Star game. Green Bay will work-out here this morning and then leave Thursday for Chicago. A short under-the-lights workout is planned Thursday night at Soldier Field.

American Bowling Congress directors Howard Petran of Milwaukee, who also is secretary of the Wisconsin State Bowling Assn., and Lester Shirey of Fond du Lac will be among the personalities at the Madison Bowling Assn.'s annual Golf Jamboree next Tuesday at Cambridge's Lake Ripley Country club.

ABC director Charlie Allen again is in charge of the Jamboree for the MBA. Advance registrations, including six each from LaCrosse and Dubuque, point toward this year's outing being the biggest ever.

Tickets are priced at $5.75, including dinner. Separate dinner tickets are $3.

Other flights and consolation brackets will be conducted for players missing the title flight. Girls 17 and under are eligible to enter.

Home Talent Stars Play at Poynette

POYNETTE — Stars of the Southern and Northern sections of the Home Talent Baseball League will shine again here tonight when they meet in the championship game of the league's 1963 All-Star Series.

The game at 7:30 will have the Southern squad seeking to repeat as champion, as well as to win the mythical title for the third time in five years.

Opening games of the series last Sunday saw the Northern section nip the Eastern, 4-3, in 10 innings at Deerfield and Southern blank Western, 4-0, at Middleton. Tonight's game will mark the first time that the Southern and Northern sections have been matched in All-Star play.

A year ago Dick Sarbacker of New Glarus directed the Southern section to an 8-4 victory over the Western in the final game. Sarbacker will be at the helm again tonight for the Southern division. He will match strategy with Bill Hegerfeld of Sauk-Prairie, just as they did when their teams met in the 1962 league championship series.

Findorff Nine, Cuba Club Win

A four-run-fourthinning gave Findorff a 4-3 come-from-behind victory over Nedrebo's in a Major-Pacific Baseball League game Tuesday night at Warner Park. Billy Schweers fanned eight and allowed only three hits to gain the victory. Schweers and George Adams each contributed two of Findorff's five hits.

The Cuba Club punched across four runs in the second and coasted to a 5-1 win over the Rebels in the Pacific section. Tony Tormey, pitching for Cuba Club, and Butch Reek of the Rebels gave up only two and three hits, respectively.

For Your Golf by Dr. Cary Middlecoff

PATIENT'S COMPLAINT: SHORT OFF THE TEE.

Diagnosis: Not hitting through.

Treatment: To get distance with the driver, you must shift the bulk of the weight quickly back to the left side at the start of the downswing, and move the hips forward laterally as well as turning them around to the left. This allows you to hit on through the ball with both hands and get maximum distance.

Your pocket-sized guide to the backswing and downswing—all these hints and more are included in Cary Middlecoff's popular pamphlet "Left Arm Control." To get your copy send 10 cents together with a stamped, return envelope to Cary Middlecoff, Wisconsin State Journal, Madison.

U. S. Envoy To Panama Quits In Tiff

WASHINGTON (AP) — Joseph S. Farland, U. S. ambassador to Panama, has resigned in a reported dispute with officials of the Alliance for Progress.

The White House announced his resignation today without referring to any disagreement.

Farland did not go into details but spoke of "glaring defects in the aid program" in a letter to a State Department official, a copy of which became available here.

* * *

Farland wrote the official, William J. Crockett, deputy undersecretary of state for administration, on July 25. He said he had told President Kennedy of the reported defects, and "in so doing, it is generally known that I have stepped on a few toes."

White House Press Secretary Pierre Salinger said Kennedy has not yet answered Farland's letter of resignation, but that the President will accept it. He said the date on which it will become effective will be at a "time convenient to the needs of the Foreign Service."

* * *

Salinger said Farland's letter set forth reasons which he said had been discussed with members of the President's staff last May 7, and mentioned also personal reasons which made it necessary for him to return to private pursuits.

Salinger did not spell out these reasons, and did not make the letter public.

Farland, a Republican, was appointed by President Dwight D. Eisenhower and was kept in his post as ambassador to Panama by Kennedy.

Voting for the measure with the majority were Republican Van Pelt and Democrats Johnson, Zablocki, Reuss, and Kastenmeier.

East-West Accord Hopes Rising

By HENRY SHAPIRO

MOSCOW (UPI)—Premier Nikita S. Khrushchev's decision to take personal charge of the Soviet delegation to next week's Big Three talks here raised hopes today that he is ready for further steps to ease the cold war. Informed sources here disclosed Thursday night that Khrushchev would put off his vacation in order to be in Moscow when Secretary of State Dean Rusk and British Foreign Secretary Lord Home arrive Monday to sign the partial nuclear test ban treaty with Soviet Foreign Minister Andrei Gromyko.

(Communist China kept up its attacks on the test ban. In Peking radio broadcasts monitored in Tokyo, it said the nuclear question cannot be decided by "a few big powers." It charged the test ban agreement was a "big conspiracy" against China and called on other Communist countries to join it in trying to develop independent nuclear arsenals.)

* * *

Rusk and Home will remain in the Soviet Union several days—perhaps as long as a week—to discuss ways of extending the progress made on the nuclear issue to other problems of the cold war. Khrushchev was expected to stay until Wednesday.

Gromyko and the two Western nuclear negotiators, Undersecretary of State W. Averell Harriman and British Science Minister Lord Hailsham, went over some of this ground in their talks last month.

* * *

These are the main features of the Khrushchev "peace package," as made known in his speeches and statements:

● A non-aggression pact between NATO and the Warsaw Pact nations. The West is reluctant to agree to this, fearing implied recognition of Communist East Germany, a Warsaw Pact member.

● Control posts to prevent surprise attack. Khrushchev has suggested stationing foreign inspectors to check on troop buildups and movements, but details are not clear.

● Freezing of arms budgets and reduction of foreign troops in both East and West Germany. Again, it is not fully clear from public statements how this would be controlled.

There also was speculation that the three foreign ministers might take up the extension of the partial test ban treaty to underground tests. As it stands, it outlaws only tests in the atmosphere, outer space, and under water.

Says Port At Oshkosh Defies Rule

WASHINGTON (AP) — An airport consultant said Thursday that a highway overpass at the airport at Oshkosh, Wis., did not conform to Federal Aviation Agency rules.

A. W. Compton of San Francisco said a report by his firm also showed there were other obstructions that did not meet agency requirements. He appeared at a Civil Aeronautics Board hearing being conducted by Examiner Edward T. Stodola, who recently held three weeks of hearings in Wisconsin on the question of regional or individual city airports.

* * *

Compton recommended a regional airport be built to serve both Appleton and Oshkosh, and said the airport should be able to handle jet planes.

Most of Thursday's hearing was devoted to the needs of Appleton and Oshkosh, which are about 20 miles apart. However, the hearing also will take up other proposed airport combinations in the state.

* * *

Robert Lester, attorney for Winnebago County, Wis., sought to prevent testimony by Compton, but was overruled by the examiner. Lester also objected to a proposal by Stodola that Outagamie and Winnebago Counties ought to get together and see if they could agree on plans for a regional airport.

Compton recommended a site about nine miles southwest of Appleton and nearly 20 miles northwest of Oshkosh for a joint airport. If that does not work out, he said, then a site four miles west of Appleton should be used by Appleton.

Oshkosh officials want to continue to use their own airport, on the south side of the city, and oppose a joint project with Appleton.

Prof. Roethke, Pulitzer Winning Poet, Dies at 55

SEATTLE (AP)—Theodore Roethke, 55, Pulitzer Prize winner for poetry in 1954, died Thursday night after being stricken with a heart attack while swimming in a neighbor's pool.

Roethke, a professor of English at the University of Washington, collapsed while standing in shallow water in the pool on Bainbridge Island, across Puget Sound from Seattle. He was pulled from the pool quickly, and volunteer firemen tried to revive him.

He was the author of numerous books and was writing another when he died. He joined the Washington faculty in 1947, and was given the honorary title of "poet in Residence" last year.

Roethke described his poetry as "written more for the ear than for the eye." An appreciation of growing things and a feeling for the earth is inherent in his works. It was a book "The Waking," published in September, 1953, which won the Pulitzer Prize.

His works have been translated into 13 languages, and in June he received the honorary degree of doctor of letters from the University of Michigan.

Camper, 16, Dies From Chemical

DULUTH, Minn. (AP) — A young Missouri camper who was overcome 11 days ago by chemical used in cleaning his sleeping bag died Thursday in a Duluth hospital.

Gregory Taylor, 16, St. Joseph, Mo., was overcome while on a camping trip with his family in an Ontario wilderness area, about 70 miles north of Fort Frances, Ont. He was the son of Mr. and Mrs. Joseph H. Taylor.

Gregory was found unconscious in his tent July 21. He was brought to a Fort Frances hospital and then flown to Duluth.

The operation will be performed today, said the child's mother, Mrs. Ivy Seely, of Simi, Calif.

Weather Outlook

2.2 Inches of Rain

July Warmer and Drier Than Normal, Says Bureau

July was predominantly sunny and warmer and drier than normal, the U. S. Weather Bureau at Truax Field reported today.

The bureau said that the sun shone 73 per cent of the possible time during the month.

The mean temperature for the month was 73.1, which is two degrees warmer than normal. Rainfall totaled 2.2 inches, which is 1.29 inches less than normal.

The warmest was 95 degrees on July 1 and the coldest was 49 on July 9. There were only three days on which the mercury reached 90 or warmer. The wettest 24-hour period was July 12-13, with .98 inch of rainfall.

The month ended Wednesday on a warm note. The mean temperature, with a high of 90 and a low of 62, was 80, which is 12 degrees warmer than normal.

Lutherans Am Blast at E. Germans

HELSINKI (UPI) — Church officials held out little hope today that the East German government would permit nine clergymen and laymen to come here for the Lutheran World Federation world assembly.

The assembly Thursday lodged a "strong protest" against the East German decision to keep the Lutherans at home and cut the country's delegation by about one-third.

But officials had no expectations the missing delegates would suddenly turn up for the last days of the assembly, which ends Aug. 11.

While playing up the case of the East Germans, the federation has soft-pedaled the matter of the missing federation first vice president.

Lajos Ordass of Hungary, who still is considered a bishop by federation officials although his church ousted him five years ago from his bishopric, failed to get an exit visa.

Still his church had entered his name as an "official visitor" instead of a delegate.

Any protest by the federation could have led to embarrassment for the Hungarian Lutheran Church, it was believed here.

Executive, Born In State, Is Dead

CHICAGO (AP) — Robert Alan Conger, 49, board chairman of F. E. Compton and Co. and senior vice president of Encyclopedia Brittanica, Inc., died Thursday.

Conger, a former business administration instructor at Rutgers ministration instructor at Rutgers University, was born in Mondevi, Wis.

Trane Sales Off

LA CROSSE (AP) — The Trane Co. reported today that sales and profits declined slightly in the first half of 1963, with sales of $57.35 million and profits of $3.6 million compared with $59.68 million and $4.15 million respectively in the same period last year.

Four Killed In Crackup At Duluth

DULUTH, Minn. (UPI) — Four persons were killed and one critically injured in a grinding head-on collision in the Duluth suburb of Morgan Park this morning.

The victims were identified as Mr. and Mrs. Edward Anderson, 23 and 24, Minneapolis, Mrs. Leslie Yates, Duluth, and Mrs. Patrick McNulty, Duluth. Hospitalized in critical condition in a Duluth hospital was Jack Coning, Duluth.

Authorities said a 1963 car driven by Mrs. Yates collided head-on with the other vehicle. Both cars spun around nearly half a dozen times before landing on separate shoulders of the road.

U.S. to Ban Arms Sale To S. Africa

UNITED NATIONS, N. Y. (AP)—The United States announced today it is banning by the end of 1963 the sale of all weapons and military equipment to South Africa because of that country's racial segregation policies.

The embargo was disclosed by U. S. Ambassador Adlai E. Stevenson in a speech before the U. N. Security Council. He spoke after Ghana's Alex Quaison-Sackey had denounced South Africa as an outlaw and asked the council to consider expelling it from the United Nations.

* * *

Stevenson told the council the U. S. already had banned the sale of military equipment that might be used by South Africa to enforce its racial apartheid policies and is now ready to make such a ban complete.

He said the ban could not become fully effective before the end of the year because of existing commitments, including the sale of air to air missiles and torpedoes for submarines.

* * *

Stevenson denounced South Africa's racial policies as "an evil business" and declared:

"My country will support efforts to bring about a change in South Africa."

So far, he said, efforts of the United Nations "have yielded no tangible results. There has been no forward motion. Indeed, there has been retrogression, calculated retrogression."

He called the apartheid policies "abhorrent."

Stevenson urged that the council try to bring about the change through measures of peaceful settlement rather than through coercion.

He made no specific proposal, but said the United States has looked with favor on the appointment of a special U. N. representative what would exercise his own ingenuity in seeking a solution.

Convict Leaves Perch on Tower

FORT MADISON, Iowa (AP) — A Convict, who expressed his displeasure at his sentence with a five-day camp-out on a 140-foot state penitentiary water tower, was back on the ground today.

William T. Bradley, 45, of Sioux City faced disciplinary action by prison officials and possible censure of fellow inmates who have expressed disapproval of his antics.

Bradley came down from his lofty perch voluntarily Thursday night, four days and 13 hours after prison authorities first spotted him on the tower early Sunday.

Only when he was safely back on the ground did penitentiary officials reveal that he had made some demands on them during his tower-sitting stint.

Tax Proposed on Hospitalization Policy Profits

WASHINGTON (UPI) — Persons who make a profit out of being sick by holding more than one health insurance policy will have to pay taxes on the gain under a section of the tax bill the House Ways and Means Committee is working on.

The committee, drafting a compromise version of President Kennedy's tax program, voted Thursday to close the health insurance loophole by declaring excess payments as declarable income on federal income tax returns.

Persons who have more than one policy can submit their eligible medical bills to each of the companies covering them and the combined payments often exceed the medical expense. At present there is no provision for taxing this windfall. A committee spokesman indicated a substantial number of Americans now have multiple insurance coverage.

Candy Spots Winner at Arlington

ROUNDY SAYS . . .

Of late I haven't been talking much baseball with people. Taxes seem to be the subject.

I don't know what the new State setup is on taxes it is too deep for me but it is dig brother dig.

The government and the State they have the Withholding tax taken out of your check. I am in favor of that.

But all these new dillies they are adding on you would have to carry an adding machine with you to find out what you owe.

The All-Star game proved one thing that the old hay is around. They were throwing the greenbacks around as if they were going out of style.

The women are wearing shorts this summer whether they come up town to go shopping or go swimming.

I am about due for a vacation I think I made a mistake in my overtime hours I only got 267 overtime hours coming.

I wonder if they have started that Arena over at the Fairgrounds yet or not? That should be a good place for one they got the parking. If they are going to put one up a god one air-conditioned and all.

The Auditorium setup in this town is a joke they should tie a horse to one of the parking meters and put a sign up "One Horse Town."

It was eight or ten years ago we voted for it they have had a thousand meetings in the meantime. The blueprints must be so worn out by now you would need a pair of binoculars to see the blueprints.

Next week is the Wisconsin high school coaches clinic here. Otto Breitenbach is running it. George Ireland formerly of Madison will be in charge of the basketball clinic. He won the National title last year he beat Cincinnati. Jim Owens of Washington will be on the football clinic side. Milt Bruhn has a great record at Wisconsin he won 40 and only lost 32 and tied 4.

Some people wrote in from Westfield they said be sure and stop at Murphy's spot up there. They still are talking with a brogue around there.

Ben Bergor says: Now, some more out of town companies want to get in on the auditorium plans. I hope every body is thinking about a City Auditorium and does not have a CITY HAUL in mind.

* * *

I dropped in to Ella's Delicatessen in the 400 block of State street the other day. I wanted to get some Kosher corn beef they said they sell it to the Irish too.

The other evening Harry Vogts who lives on Tonyawatha Trail had the University coaching staff as his guests at a pheasant dinner. Is that every a beautiful drive on Tonyawatha Trail. I am going to drive out there a few times. Harry has his home right on the lake we sat on top of the boat house they got chairs and tables out there. The sunset going down was one of the most beautiful things I ever saw. I wouldn't want to cut the grass over there it would take you two days to cut it. I don't know how the women ever cooked that pheasant the way they did it wasn't dry at all it was juicy. I would like to get the recipe for that.

Tomorrow, August 5th, is Purple Heart Day they will be up on the square selling violas and you couldn't help anything better than the Purple Heart. Every dime taken in goes to the veterans. Last year they spent $445.97 at the Veterans Administration Hospital for veteran's relief. I recommend this setup, Mrs. A. J. Healy she is the Viola chairman and she gets some fine assistance from Isidore Statz.

I got a letter it was signed An Admirer it was about Bob Nielsen the softball player. I'll have it in Tuesday or Wednesday.

The K. C.-Shrine game is this Wednesday, August 7th, that is always a nice setup. The money does a lot of good there it helps out those handicapped children. They will have a crowd and-how!

BASEBALL — I don't think the Yankees got a .300 hitter playing.

Duke Snider he said the Dodgers will win the pennant. He said they got the best pitching in baseball in Koufax, Podres and Drysdale he said they won't fold up like they did last year.

Somebody wanted a baseball answer on Whitey Ford in World Series. He has been in 9 World Series games he has been in the most games 19 for a pitcher he has won 10 World Series games.

Maury Wills of the Dodgers was asked who is the hardest pitcher in the league to steal on. He said Warren Spahn he said for the simple reason he balks and gets away with it.

Wausau Cops State Little League Crown

Ellsworth Winnings Surpass $1 Million

CHICAGO (AP) — Rex C. Ellsworth's Candy Spots, a 4-5 favorite, surged from well behind Saturday to win the $131,833 Arlington Classic for 3-year-olds by five lengths at Arlington Park race track.

Admiral Vic, a 70-1 field horse, edged B. Major for second place in the one-mile feature witnessed by 29,822. B. Major had defeated Candy Spots in the $100,000 Chicagoan earlier this summer.

Control in Stretch

Candy Spots, ridden by Willie Shoemaker, took full command coming out of the final turn and won as he pleased to take the winner's purse of $86,833.

The victory increased the 1963 earnings of the Preakness winner to $594,881 and boosted the Ellsworth stable's winnings over $1 million for the second successive year.

Candy Spots returned $3.80, $3, and $2.40. Sunny Blue Farm's lightly-regarded Admiral Vic, who was coupled with That Man after Moral Suasion was scratched to make it a 13-horse field, returned a whopping $30.40 and $9.60. B. Major's show price was $3.60.

As expected, the Eastern challenger Ahoy broke fast and set the pace most of the early stages until Candy Spots made his move over a track rated fast after heavy overnight rains.

Saratoga Next

Candy Spots' time was 1:35 4/5. Y. Flash was fourth and Ahoy fifth, followed by Swapson, Questlink, Lemon Twist, Olympiad King, Sky Gem, Cosclave, Jet Traffic, and That Man.

Candy Spots will leave by van Monday for New York and then will be shipped to Saratoga for the Travers Stakes Aug. 17 and a renewal of his feud with Chateaugay.

Candy Spots was beaten by Chateaugay in the Belmont Stakes and Kentucky Derby.

Rule Widens Lead in St. Paul Open

ST. PAUL, Minn. (AP) — Young Jack Rule, finding confidence in his new aggressive type of game, forged nearer his first victory as a professional Saturday as he shot a seven-under-par 65 that opened up a seven-stroke margin in the $35,000 St. Paul Open golf tournament.

The former University of Iowa star from Cedar Rapids has a 54-hole total of 193. He moved well out ahead of Fred Hawkins of El Paso, Tex., who also shot a 65 for a three round total of 200.

Rule's 193 broke by six strokes the lowest 54-hole total of the year in PGA tournaments. His seven-stroke lead equalled the widest margin any player has had at that stage in a tournament this year.

Rule has had rounds of 67-61-65 over the Keller course, a 6,567-yard, par 72 layout that many of the big name golfers shun.

Prep Swimmer Schollander First To Break '200' Barrier

SANTA CLARA, Calif. (AP) — People are not fish. But a Portland, Ore., schoolboy who came south to California to learn better how to make the transition, looks to be the closest thing to fish America has yet produced.

The official criterion is the stopwatch. Nine days ago in the Olympic pool at Los Angeles, blond, husky Don Schollander, 17, became the first human to break the two-minute barrier for 200 meters.

Don, of course, swam freestyle, which today has become a highly technical version of the old Australian crawl.

Freestyle also is the fastest of human strokes. Still, breaking swimming's two-minute barrier presented an obstacle that the men who broke the four-minute mile and 16-foot pole vault barriers in track and field didn't have to face — performing at a peak physically while holding his breath half the time.

Schollander, 5-10 and 160 pounds, swims his 200 with 40 single arm strokes to every 50 meters. He does an underwater flip turn that gives him a glide start for each lap after the dive start on the first lap. He flutter-kicks six beats to each full arm stroke cycle.

Over the 200 meters, in a long course pool—50 meters like the one in the Los Angeles Coliseum—he breathes 20 times on the first lap, 40 times on laps two and three, and 20 times on the going home lap.

To break 120 seconds over the distance, Schollander had to coordinate dive, stroke, kick, turns, glides, and breathing perfectly. His time was 1:58.8, doing the first 100 in :57.7 and the second in 1:01.1.

Declared his coach, George Haines of the Santa Clara Swim Club near San Francisco: "That boy is a marvel of efficiency. He looked like he was taking a bath."
