Judges will award on a scale of 0 to 10 with zero as a complete failure and 10 as a perfect dive. Each coach and judge will not score his own diver. Of the six judges high score is dropped and the two low scores. The middle three scores are then multiplied times the difficulty of the dive.

Rules Of Importance

1. The diver must correct the announcer if a dive is announced incorrectly or in the wrong order or position. If such correction is not made, the diver will be penalized unless the mistake is that of the announcer.
2. A dive completely in the wrong position may receive a maximum of 2.
3. A break in the position of a dive will receive a maximum of 4.5.
4. Balks: If a diver starts a dive and stops a balk will be called and one-third of the score will be taken off.
