### THE PETE CHRISTIANSEN EFFICIENCY TROPHY

For thirty years, Pete Christiansen served as the head swim official for the All-City meet. Each hosting pool would call upon his services to ensure a fair and well-run event. Many a swimmer and parent can recall his gentle and patient manner as he worked amidst the chaos of an All-City meet.

Many of the swim officials in the Madison were trained by or worked with Pete. His emphasis was on the team aspect of the sport. He made sure that everyone involved in running a meet knew they were as much a part of the team as the swimmers and that their efforts contributed to make each meet successful for everyone involved.

The entire community was saddened when Pete passed away due to cancer in June 2000. He had worked with the Madison Metropolitan School District for over thirty years until his retirement. He then worked part-time for the University of Wisconsin Center for Educational Research. Pete was not only active in refereeing swimming, his career included refereeing football and announcing for the WIAA, city leagues and other athletic events. His participation in the community touched the lives of many people.

In order to recognize his efforts, the All-City Swim and Dive League Board named an annual efficiency trophy in his honor. This trophy is awarded to the team whose members score the most points per swimmer. All teams have an equal chance to win this award no matter what their size. This trophy was named after Pete to acknowledge his efforts for the swimming community and to help all of us emulate his professionalism on and off the deck.

Pete Christiansen was a gentleman in every sense of the word. We would like to let his children, Pete, Patty, Jim and Sara, and their families know that we appreciated all Pete did to bring the All-City Swim League to where it is today and that we will remember his efforts in the years to come.

- I will require that my child's coach be trained in the responsibilities of being a youth sports coach and that the coach uphold the Coaches' Code of Ethics.
- I will support coaches and officials working with my child, in order to encourage a positive and enjoyable experience for all.
- I will demand a sports environment for my child that is free from drugs, alcohol and tobacco and will refrain from the use at all youth sports events.

# Verona Aquatic Club

You trained hard all summer to get here!  
Don't Waste it!

Did you know that swimming is the most injury free of all youth sports. Competitive swimming builds a strong sense of self and builds attitudes and solid work habits that serve well into adulthood.

We're small enough to build superior swimming skills with personalized coaching. Perfect your stroke technique and achieve year round physical fitness!

Train in one of our 7 groups, ranging from beginning to advanced, which best fits your skills and level of commitment. We use two

different pools, the Bishop O'Connor Center and the Verona Natatorium.

Stop by our All City booth and sign up for your FREE week of training and check us out.

*Fall Session runs Sept.17-Dec 11, 2000*

STADIUS OGS

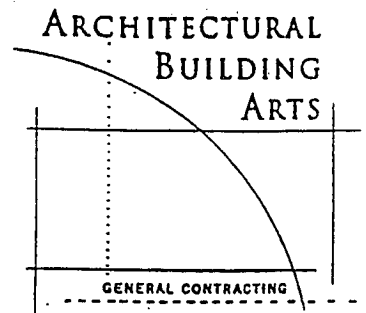

So much thought goes  
into our projects,  
even the nails feel special.

Many older homes lack the forward thinking that is built into today's homes. Remodeling your older home should involve careful planning so you make the most of the available space.

At Architectural Building Arts, we're serious about creating a viable living space that complements your lifestyle and living habits.

Craftsmanship isn't just about the quality of our work, but the quality of our thoughts as well.
